

Mater Dei Teams up with Teamwork Fundraising

Mater Dei High School partners with Teamwork Fundraising to bring a “*New Generation in Fundraising*” to its development efforts. By joining this revolution, Mater Dei places itself at the forefront of *community stewardship* – being responsible for the long-term viability of the institution’s relationships with businesses who commit their support.

Teamwork Fundraising creates a “**Win-Win**” between its business partners and your business. When you use a Teamwork Fundraising service, Mater Dei becomes the beneficiary of the transaction(s). (Your existing business expenses transform into support for the school.)

Entrepreneurs and educators themselves, Teamwork Fundraising is the avenue for the business community to embrace educational institutions, non-profit organizations and youth groups on a long-term basis at no cost to them.

Mike McPherson - President, Teamwork Fundraising: “We are committed to investing in our most valuable resource, our youth. We provide long-term fundraising strategies that support Mater Dei and the many volunteers within the institution to enable them to direct more of their efforts toward their mission.”

- Credit Card Processing

Our strategy allows the business community to support the school in the every day course of doing business. No club cards. You can support Mater Dei with a seamless, invisible retail experience.

Testimonials from OC Business Partners

Jon McMaster President, West Coast Artwear Inc. “As a businessperson, I get calls every week from schools asking for sponsorships, ads, or donations. Through my

partnership with Teamwork Fundraising, I have already chosen who I am supporting. I know it’s ongoing, effortless and continuous. I’m giving more than I would otherwise, and my business continues to grow its profitability. And the best thing is that I offer the Teamwork Fundraising information to every organization that asks me to donate. I want to teach them to fish.”

Jeffery Barton President, Wheel Solutions : “Working with Teamwork Fundraising has been fantastic! The program is enabling us to give back to the community. The transition to their credit card processing partner was seamless, followed by a terrific support team.”

John Brewer, Owner Al Phillips The Cleaners: “Switching to the credit card processing program with Teamwork Fundraising has enabled our company the opportunity to give support to our community’s youth programs.”

How the program works: Simply!

When your business switches to one of our services, Mater Dei High School becomes the beneficiary.

For example: By using our credit card processing service, Mater Dei receives a portion of every transaction at no cost to you. We assess your current processing and match or beat your current rates - in addition to making a monthly contribution to the high school.

Jonathan Tufo, Development Officer Mater Dei: “Mater Dei is using Teamwork for our processing credit card transactions. It’s an easy web-based program that allows for multiple users to enter credit card transactions. Teamwork beat the fee that we were previously paying, and a portion of every transaction comes back to the school.”
